TRANSSKRIFTION

31te Onsdag.

Jeg har igjen fat paa Pergolaen,¹ og ved at tage nogle af de mange Sollys bort i Forgrunden tror jeg at jeg har faaet Maleriet noget roligere; iøvrigt kjeder det mig næsten nu at gjøre mere derved. Om Aftenen besøgte Mad: Erdelin² os og Tiiden gik fortræffeligt for os, da Athalia efter at være klædt af forholt sig rolig i sin Vugge. Jo nærmere nu vor Afreise kommer jo omgængeligere bliver Mad: E, jeg tror hun nu først er kommen til den Erkjendelse at hun vil komme til at staae mindre behageligt her, naar Rose er reist, havde hun tidligere været som hun nu er ville vi gjensides have ført et langt behageligere Liv her i Rom.

 & called for the evening. We had a very good supper & fortitude
 in the first trial in the morning. We had a very good
